

Preparedness: Training

Why our courses?

Sea Alarm is a strategic adviser and trusted agent to governments, industry and NGOs on what an effective wildlife response looks like and how to get there, helping to build capacity with these parties at local, regional and international levels. Our 25-year experience is reflected in our engaging and interactive courses

Our course portfolio

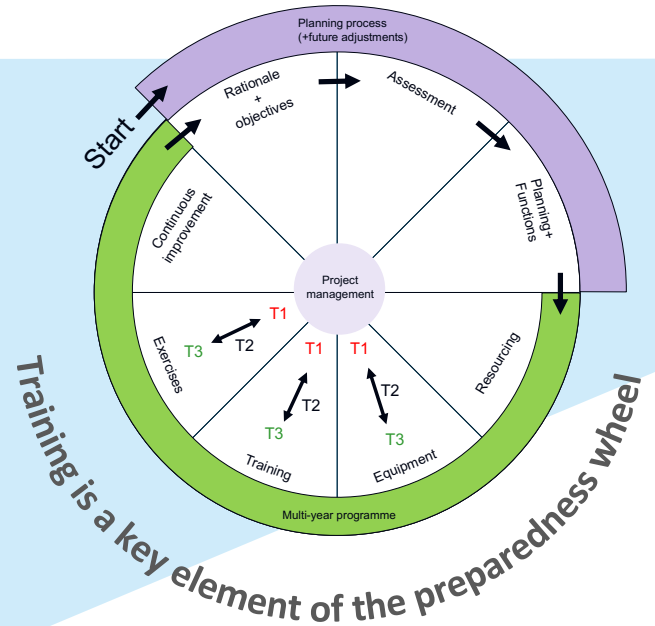

**Oiled Wildlife Response Level 1:
*Objectives, strategy & integration***

**Oiled Wildlife Response Level 2:
